

PRIVATE LABEL PRODUCTS

Aloha Medicinals Inc. produces a wide range of raw material for dietary health supplement and pharmaceutical formulation, as well as a range of in-house and private-label retail products. We would be pleased to provide you with a quotation on any private label item you may be considering.

We are often asked to provide general pricing on private-label items. This is difficult to do since the pricing depends on many factors, such as raw material ingredients, dosage size, total quantity desired, packaging (bottle or blister pack, foil or dispenser, etc), whether it is to be a tablet or capsule, vegetarian or gelatin, enteric coated or time release, whether or not it is to be “Branded” in some way such as custom printed capsules or logo impressed tablets.

We are pleased to work with you in developing your next product. Here is a minimal worksheet to help in determining your product cost. If this does not fill your needs, please call our manufacturing dept. at (775) 886-6300 for further assistance.
